

# General International Cold Cut Saw

## Model 60-350

### Features:

- 14" Variable speed cold cut saw
- Powerful 3HP motor provides plenty of power to suit a wide variety of sawing applications
- variable blade speed - ideal for cutting ferrous materials
- Mitering capabilities - stops at 90, 45° left and 45° right
- Heavy duty design for spindle and worm gear box
- Quick clamp vise for easy workpiece loading
- Control handle with safety trigger switch
- Coolant pump system with high volume tank
- Specially designed water channel for better cooling effect
- Shockproof control panel
- Overload protection and magnetic starter
- Digital spindle speed display

### Specifications:

Cutting Capacity at 90°	Solid 3-3/8" (85 mm) Round 4-3/4" (120 mm) Square 4" x 4" (102 x 102 mm) Rectangular 6-1/8"x 3-1/2" (155 x 90 mm)
Cutting Capacity at 45°	Solid 3" (75 mm) Round 3-3/4" (95 mm) Square 3-1/8" x 3-1/8" (80 x 80 mm) Rectangular 3-1/8"x2-3/4" (80 x 70 mm)
Spindle Speed	24 to 120 rpm
Max. Vice Opening	6-11/16" (170 mm)
Coolant Pump	1/8HP
Coolant Tank	5L
Overall Dimensions	47-1/4"x40-1/8"x76-3/4" (1200 x 1020 x 1950 mm)
Stand Dimensions	23-5/8"x22-13/16"x28-3/8" (600 x 580 x 720 mm)
Motor	3HP, 220V, 3 Ph, 9.6A, 1720 rpm
Weight (with stand)	550 lbs (250 kg)
